

## **SAN FRANCISCO BAY AREA NANOTECHNOLOGY COUNCIL**

**Second Annual All Day Symposium**

### **Nanotech: From Promise to Reality**

#### **Photovoltaics & Fuel Cells as Alternative Energy Solutions**

**Tuesday, May 16, 2006 from 8:30am to 5:30pm**

Cypress Semiconductor, Bldg 6 (Auditorium), 198 Champion Court, San Jose, CA 95134

**Invited speakers represent leading entrepreneurs, academics, industry analysts & venture capitalists in the alternative energy fields of photovoltaics and fuel cells.**

- Peter Fath. Founder, International Solar Energy Research Center, Konstanz Germany
- Bill Mulligan. Vice President of Research & Technology, SunPower Corporation
- Eicke Weber. Prof. Materials Science, UC Berkeley; Director Integrated Materials Lab
- Scott Elrod. Manager Hardware Systems Lab, PARC
- Slobodan Petrovic. Associate Prof ASU; Vice Pres of Engineering Clear Edge Power
- K. R. Sridhar. CEO Ion America
- Jim Kaschmitter. Chairman & CEO Ultracell Corporation
- Sanjiv Malhotra, CEO & President of Oorja Protonics

#### **Featured Speaker: Meyya Meyyappan**

Director, NASA AMES Center for Nanotechnology

**Our panel of investors and analysts will assess the opportunities for  
start-ups in Photovoltaics and Fuel Cells**

Panel Moderator:	Steve Eglash.	Principal, World View Partners
Panelists:	Raj Atluru.	Managing Director, Draper Fisher Jurvetson
	Tom Hauskin.	Director Components Practice, Strategies Unlimited
	Erik Straser.	General Partner, Mohr Davidow Ventures

**IEEE Members:** \$45 Advance Reservation / \$55 after May 10th

**Non-Members:** \$65 Advance Reservation / \$75 after May 10th

**Students:** \$25
